

Specialist Placements - Host Company Guidelines

Essentials

About this Program

- The Specialist Placement program is designed to provide professional screen practitioners with credited employment in areas of critical need within the Victorian screen industry. The program addresses the shortage of highly skilled technical roles that are hindering the ability of the Victoria screen sector to increase the pipeline of production in the state.
- Funding is available for established production, game development, post-production, VFX and animation companies to engage mid-career professional practitioners to be employed in an area of demonstrable industry demand within the company or on a production.
- Placements can be for a maximum of six months, providing the practitioner with a credit and valuable hands-on industry experience.
- VicScreen is committed to promoting and supporting gender equality, diversity and inclusiveness in the Victorian screen industry. We will prioritise placements that will deliver greater diversity and equality in the industry and require applicants to demonstrate diversity and inclusion in their applications. All applicants should read VicScreen's Gender & Diversity Statement prior to applying.

- Your application will be assessed by the Program Manager/s.
- Decisions will take into account the **Assessment Criteria** listed below, VicScreen's availability of funds, diversity of the current slate of placements already funded, as well as the perceived need for VicScreen funds by the applicant.

Assessment Criteria

- Host Companies are assessed against the following criteria:

- The degree to which the opportunity will address an area of industry need.
- The ability of the Host Company to provide a meaningful skills acquisition opportunity including adequate supervision.
- The degree to which the opportunity will fast-track a practitioner into the role (for example by providing the practitioner with their first credit in the role and/or providing a significant increase in role scope, scale and responsibility).
- How the placement opportunity will deliver greater diversity and inclusion in the industry.
- Practitioners are assessed against the following criteria:
 - Demonstrated level of experience to be able to undertake the role.
 - Commitment to pursuing a career in the screen industry.
 - Articulation of the skills they wish to gain from undertaking the placement and how the placement will deliver on their career objectives.

How are placements filled?

- Placements can be filled by a practitioner recommended by the Host who meets the eligibility criteria and is assessed, as per the criteria listed above, and approved by VicScreen.
- Alternatively, the Host may apply for funding prior to recruiting the role. In this instance VicScreen will need to assess and approve the preferred candidate, as per the criteria listed above, prior to employment being finalized.

How long until a decision is made?

- You can expect a decision about your application to Host a Specialist Placement within four weeks of the application submission.

What happens if you get funding?

- Hosts will enter into a standard, non-negotiable grant agreement with VicScreen, setting out the terms and conditions of the approved funding, including deliverables and credit requirements.
- Hosts will be required to enter into an employment agreement, paying industry standard rates with the practitioner.
- At the end of the Placement, the practitioner and their supervisor must complete an Acquittal Report for VicScreen (in the form provided by VicScreen). A mid-stage report may also be required where the placement period is longer than 3 months.
